Dear Dr. Lederberg:

Jackie received the following telegram for you by telephone:

"Would appreciate your opinion - what will be the next most important breakthrough in your field of science. Your answer will be used in news releases about the Sept. Esquire "Bright Young Men" article. Please answer collect. Thanks for cooperation.

Everything is running quite smoothly here. The IBM typewriter has not been picked up, as you can see.

I hope that you and Mrs. Lederberg are thoroughly enjoying your trip.

Sincerely,

Jerome
